SERIES

Le Forme is a collection that brings a dramatic theme to your space. Forever the domain of clean linear lines, this collection introduces the geometry of circles within circles that appear as ceramic grooves on the elements. A fresh new personality emerges as the grooves mimic an organic form sculpted in ceramic. Your bath space gets a stunning luxurious centerpiece as the power of design prevails.

Courbe is French for 'curve'. And the radical curve is what defines the various elements of this stunning collection. It is a dramatic turn in your bath space. The otherwise placid surrounding is highlighted by this sudden artistic distortion of form. With F-Courbe, we are bending the rules of indulgence by creating never-before-seen spaces.

The fiords of Scandinavia inspired Drop by Paolo Zani to create masterpieces of F-Fiordo. The water flow mimics the meandering waters of the fiords. This creates a beautiful amalgamation of geometry with geology, the minimal with the indulgent. In every piece of this collection, the simplicity of nature meets minimalistic modernity.

A row of white ceramic urinals is mounted on a dark, reflective wall in a public restroom. The scene is dramatically lit from above, creating strong highlights on the urinals and deep shadows on the wall and floor. The floor is made of dark tiles with a lighter-colored diamond pattern. The perspective is from a low angle, looking down the row of urinals. The word "URINAL" is written in large, yellow, sans-serif capital letters in the bottom left corner.

Backed by research in Color Therapy, Queo introduces F-Clair, Take your pick from a range of bath/shower and basin mixers. The mixers emit light with the water flow; the color of the light is determined by the water temperature. Colors are known to have therapeutic benefits like restoring physical and mental balance; their intelligent use makes the time spent in the bathroom a refreshing experience. Careful isolation of electrical connections ensure complete safety. Queo combines its sleek designs with safe and sustainable technology to make your personal space colorful and rejuvenating.
